NEW FOR 6/8/12C SKEET MACHINES

PERFECT BALANCE, PEAK PERFORMANCE

INTRODUCING THE **NEW** COUNTERWEIGHT SYSTEM

Our counterweight system for Skeet machines complements existing technologies and significantly improves machine stability. Available for 6-8-12C.

MÉTAL COUNTERWEIGHT

Improves the overall performance of skeet machines, thereby extending their service life.

LESS VIBRATION

Strategically positioned at the center of the rotation axis, the counterweight reduces vibrations during target launches.

EXTENDED MOTOR LIFE

Thanks to the counterweight, the re-cocking time is reduced, which decreases motor load. Power consumption is also lower.

NOISE REDUCTION

The counterweight system improves balance further, reducing operating noise.

2026 WORLD SKEET CHAMPIONSHIPS

PRESIDENT'S WELCOME

Howdy and welcome to the 2026 World Skeet Championships!

Here we are again—back in beautiful San Antonio for another week of friendly competition, tall tales, and the occasional spectacular miss.

Our San Antonio crew, along with the Executive Committee, spent the past year reviewing feedback, debating details (probably longer than necessary), and making thoughtful improvements to give you the best week possible.

Whether you're competing in the Mini-World, the Main Event, or both—and whether this is your first World Shoot or you've lost count after fifteen—welcome. You're part of this big, loud, slightly competitive NSSA family now.

If this is your first World Shoot, don't be shy. We've planned a special welcome event where you can grab some grub, meet the staff, ask questions, and get

your bearings before the fun (and yes, a little glorious chaos) begins. Check the program for details and listen for announcements during the shoot-offs. We'd love to meet you and hear your story—every seasoned shooter here started exactly where you are now.

Throughout the week, be sure to enjoy:

- Sport Skeet Fun Event – Daily Lewis Class prizes.
- Ladies' Skeet Instruction Program – A welcoming introduction for first-time women shooters.
- "Brain Teaser Super Sleuth" Daily Challenge – Keep an eye out for the Golden Target.
- All Living Hall of Fame Member Reception – Wednesday afternoon at the newly expanded museum.

You'll notice several improvements around the grounds, including new concrete skeet fields, additional tree wells along vendor row, and a completely transformed museum.

A special thank-you goes to Louise Terry, Phil Murray, Steve Ellinger, and Matt Smith for the countless hours they dedicated to the museum expansion. Take time to walk through—you'll be impressed, inspired, and maybe even a little awed. Thanks to their efforts, this space now honors our clay sports in a way that will serve generations to come.

To celebrate this milestone, we're hosting the Hall of Fame Reception on Wednesday. Many living Hall of Fame members will be attending, so stop by, meet these legends, hear a story or two, and enjoy the history, camaraderie, and spirit that make this sport so special.

Congratulations to this year's NSSA honorees:

- Crystal Stoddard and Michael Peterson – NSSA Shooting Hall of Fame
- Gary Matthews – Ray Boller Award
- James "Jaybyrd" Byrd and Betty Jean "BJ" Smith – Referee Honor Roll

Our referees are the backbone of this championship, standing in the sun, wind, and rain with steady focus and endless patience. A simple thank you goes a long way.

The same is true for our staff and volunteers, who work long hours so you can focus on competing, connecting, and enjoying the week. Please take a moment to thank them as well.

While you're here, visit the vendors, grab something good to eat, and swap a few stories—some of which tend to grow taller with every retelling. Monday night at the stadium is a must, with hamburgers and hot dogs served by the Officers and Executive Committee. If time allows, take a trip downtown to enjoy the River Walk and the Alamo.

Most importantly, take a moment to enjoy it all. Our skeet community is more than just shooting targets—the competition may be fierce, but the people here are even better. Visit with friends, meet someone new, share a few laughs, and soak it all in. There's nothing quite like it.

On behalf of the staff, volunteers, officers, and Executive Committee, thank you for being here. We hope this championship is one you'll be talking about for years to come.

Good luck, shoot well, and most importantly—have fun!

A handwritten signature in black ink, reading "Tom Pavlack". The signature is fluid and cursive, with a large, stylized "P" and "L".

INCLEMENT WEATHER/LIGHTNING PLAN OF ACTION

The National Shooting Complex (NSC) will utilize a weather monitoring and alert system to detect the presence and occurrence of lightning and other hazardous weather conditions. Shoot Management will be notified, through the alert system, of lightning and any other potential dangerous elements.

If lightning is detected within 6 miles of NSC, a cease-fire will be called immediately via PA system and any other means where PA is not available. Shooting will suspend for a period of no less than 20 minutes. All fields will be cleared of both participants and staff, with all taking cover in available areas, i.e.: Club House, Vendor Buildings, vehicles, etc. Shoot management will continue to monitor lightning strikes, via the alert system. The weather alert system will automatically track the time after each lightning strike and a new time clock will start after any strike within the 6 mile radius. After the duration of 20 minutes with no strikes within the 6 mile radius, shoot management will begin the process of returning participants to the field(s) to continue shooting. By starting this process at 20 minutes, the total elapsed time from the last strike until shooting begins is anticipated to be 30 or more minutes.

The above process will be repeated for any and all storms / lightning strikes observed. In the event of any other dangerous elements of an approaching storm, such as extremely high winds/ tornado or hail, the same cease-fire and field evacuation procedures as above will be implemented.

NATIONAL SHOOTING COMPLEX SKEET SHOOTING ACHIEVEMENT CELEBRATION POLICY

In order to continue the tradition of "hat shooting" in celebration of individual achievements and also maintain a safe and controlled environment, the following procedure will be implemented and adhered to during the World Skeet Championships and all other skeet shoots held at the National Shooting Complex.

Following the completion of a shooter's first 100 straight, 4x4 or 5x5 please report to registration where there will be a sign-up sheet to record shooter and squad members. Prior to each evenings shoot-offs, or the next day's shoot-offs if there are none on the given day, shooter of the perfect score and squad members will be called to the shoot-off stadium. Only the shooter of the perfect score and squad members will be allowed to shoot the hat. Hat will be tossed by a member of management / shoot personnel. Each squad member will be allowed to load and shoot no more than two (2) shells. Hat will be shot while in the air only, no shooting once it has hit the ground. When all hats have been shot for the day, the field will be closed for retrieval of all hats.

PERSONAL CART INSURANCE

NSSA-NSCA-NSC has implemented a policy that proof of liability insurance is required for operation of personally-owned carts at the facility. Minimum liability, such as written for auto policies, for injury/accident is what is required. The policy is required to have reference to the cart that is to be operated and often can be added to current auto or home owner policies. Proof of insurance can be sent prior to your arrival via email to the NSC at nationalshootingcomplex@nssa-nsc.com or by US Mail to:

**NSSA
NSC Pro-Shop
5931 Roft Rd
San Antonio, TX 78253**

Upon arrival, a permit, which is to be displayed on the cart, will be available for pick-up in the Club House Pro Shop. If you are unable to send insurance in advance of arrival, simply bring your proof of insurance into the Pro Shop when you arrive and a permit will be produced and issued.

REFEREES

LEWIS CLASS PURSE

There will be FIVE CLASSES in the Lewis Class Purse, regardless of the number of entries. Offered in all Mini-World Events (except HOA); Doubles, .410, 28, 20, 12 Gauge Championships.

This system is based on the final scores as they are posted when the shoot has been completed and gives every contestant an equal chance to win, no matter what their shooting ability.

REMINDER: Your NSSA classification has nothing to do with your “class” in this Lewis Class purse. Your class for this optional purse will be determined solely by the rules below.

ENTRY FEE: \$10 per event
High Gun - 3 Places, each class split 50/30/20

For 200-Target 12 GA Championship

ENTRY FEE: \$20
High Gun- 3 Places, each class split 50/30/20

When all the shooting has been completed, the scores are listed in numerical order from the highest to the lowest. They are divided into as many groups as there are classes.

For example, if there were 30 entries and 5 classes, there would be 6 scores in each class. The highest score in each class would be the winner.

Since there will often be odd numbers of entries and tie scores on the dividing line between the classes, the following rules have been established:

1. Where a short class is necessary, due to odd entry list, the short class or classes shall head the list.
2. Where the line of division falls in a number of tie scores, the contestants are assigned to the class in which the majority of the scores appear.
3. Where an equal number of tie scores appear on either side of the line, contestants shall be assigned to the head of the lower class.
4. Where the original division is changed, due to tie scores, this change shall apply only to the classes directly affected and the original division shall continue in the other classes.

For example, a shoot containing a 100-target program in which there are 5 Lewis classes and 33 contestants. Since the short classes are placed first, there would be 6 shooters in Class 1 & 2 and 7 shooters in Classes 3, 4 & 5. The final scores are arranged from highest to lowest and the lines drawn in between the classes.

Brackets (}) represent assignment of scores according to Rules 2 and 3. Horizontal lines below numbers represent division of all entries into classes according to Rule 1.

WORLD SKEET SHOOT IN A NUTSHELL

REGISTRATION

If you don't understand something – Ask!

It will make everything easier if you read this program, particularly the General Information on pages 8-11. Some of the most important things to recognize and remember:

You are responsible for verifying that the classes and events you have entered are correct before you leave Registration. You are responsible for notifying Shoot Management (Registration) of any protests or corrections ASAP. Notification must be received before 11 AM the day after the event is shot.

SCOREBOARD

After each flight is completed, the digital scoreboard will be updated. Remember, all the scores have to be checked, re-added and keyed into the database. The computer processes the information, adds it to any prior information and updates a new scoreboard. **It's extremely important that all shooters check the scoreboard daily to make sure that all the scores are correct in all events, classes, concurrents, purses and options that they've entered.**

WORLD SHOOT WEBSITE: WWW.MYNSSA.COM

HOW DO YOU FIND OUT IF YOU WON ANYTHING?

1. Check the scoreboards.
2. Watch the television screens.
3. Listen for your name when shoot-offs are called.

A complete list of winners is posted on the scoreboard after shoot-offs have been completed. No medals are given out until the name appears on the Official Winners' List, and winners are not declared if there is a possibility of an incomplete shoot-off.

HOW DO YOU KNOW IF YOU ARE IN A SHOOT-OFF?

1. Read the event description in the program to find out what places and events are to be shot off.
2. Check the scoreboard to determine if your score tied with another shooter.
3. Listen for your name when shoot-offs are called.

Important! In some events, the results of the last flight of the day may produce ties that may not be posted before shoot-offs are announced. If there is any chance you have a score that may qualify you in a shoot-off, be prepared with gun and ammunition so you won't be late reporting to the correct field. **At the conclusion of the last flight each day, shoot-off information will be posted behind field 3.**

IF I DO WIN, WHERE DO I PICK UP MY AWARDS?

Open Champion, Runner-up, Third and Class First awards will be given out on the stadium field at the conclusion of the days shoot-offs. All other Mini and Main World Shoot awards will be available for pick-up at Registration from 11:00 AM – 5:00 PM Sunday, September 27–Saturday, October 3.

REFEREES

This tournament will use professional referees. Calls made by the referee will stand unless presented to the Protest Committee for review.

SHOOT-OFFS AND TIES

Most rules apply to all shoot-off events (except when specifically mentioned in an event below)

1. In the event that scores lower than perfect scores shoot-off for Championship titles (i.e. Event or Concurrent CH, RU and 3rd), the shoot-off long runs will supersede the event long runs when determining class winners. All places in class (i.e., 1st thru 10th) will be shot off. Any concurrent long run ties below CH, RU or Third for medals or points will be shot off. Remember the HOA event includes all four guns; your front long run is the 12 Gauge Event and the .410 Event is your back long run.
2. With the exception of Two-Person Teams, when the same individuals are tied for different titles in the same event (like Event Champion and Senior Champion), only one shoot-off will be held to determine both titles, in accordance with NSSA Rule V-L11-b. Two-Person Team Event Champions will be shot off separately from the event shoot-off. Only Team Event Champion will be shot off.
3. In the event that a shoot-off is not completed on the day scheduled, it will be rescheduled by shoot management. On that day, shoot-offs will commence and be completed in the same sequence as the events were shot.
4. In the event of a broken gun during a shoot-off, a contestant will have 10 minutes to have the gun repaired or replaced. Failure to comply with the 10-minute time limit will result in automatic disqualification.
5. When more than one shoot-off is conducted on a given day, the second and subsequent shoot-offs will be called by the Chief Referee and announced over the PA system.
6. Shooters have five minutes to report to their shoot-off in accordance with NSSA Rule V-L12-g.

MINI-WORLD

WHAT EVENTS WILL BE SHOT OFF?

Shoot-offs will be held in all Mini-World Events where there are ties for any of the places listed below.

Mini-World shoot-offs for the 12 and 28 gauge events will be posted on the scoreboard no later than 3:30 PM on the day of the event.

PLACES TO BE SHOT OFF

Open Champion, Runner-up and Third

Open Class First thru Tenth for AAA, AA, A, B, C, D (and E when offered)

All Concurrent Champions, Runners-up and Third and any long-run ties

WHEN WILL MINI-WORLD SHOOT-OFFS BE HELD?

Friday, September 25

Doubles & Referee Event

Saturday, September 26

12 and 20 Gauge

Sunday, September 27

28 Gauge, .410 Bore and HOA/HAA

SAME AS 2025: ONLY Mini-World 12 gauge perfect scores must report to the stadium field, within 30 minutes of their squad completing the event (15 minutes for shooters on the last flight of the day) to shoot their first round of the shoot-off. A participant will shoot until he/she misses twice or completes the round. Shoot-off fields for all shooters who complete the first round will be announced. Shooters who miss two targets should stand by at the end of the day and listen to announcements in case they are needed for a continuation shoot-off.

WHERE AND WHEN DO I REPORT FOR MY SHOOT-OFF?

- 1 The Shoot-Off Information table located behind Field 3 provides information for all shoot-offs, including confirmation of field assignments.
- 2 Any shooter posting the high score in the day's first event to be shoot-off must report to their assigned shoot-off field 15 minutes after the last shot fired for the day has been announced. This in turn gives the squad firing the last shot for the day 15 minutes to report to their assigned fields.

HOW DO SHOOT-OFFS PROCEED?

- 1 Shoot-offs shall be conducted doubles stations 3-4-5, miss-and-out by station. This means that a shooter must break both targets on a station in order to beat a shooter who only broke one target (i.e. if one shooter breaks the first target and another shooter breaks the second target, they are still tied) as described in the current NSSA rule-book.
- 2 Each Shoot-Off long-run is the number of targets broken from the front before a miss, by station. After a miss on any station the next long-run restarts on the next station.

CHAMPIONSHIP ROUND (SHOOT-OFF ROUND 1)

- 1 All Championship Scores (scores of 200, 100 or highest required)
 - Fields will be called in Reverse Order from 9-3 to allow those with the longest distance the most time to reach the field.
 - All Shooters will shoot until a miss or completion of a 24 in that round.
 - All Shooters that miss in the first round of perfect scores should make their way toward the stadium and field 3 where they will be called to standby for any continuations determined (via PA when allowable).
 - All shooters completing the box are logged by class and concurrent and sent to the Stadium Field for the next round of the Championship shoot-off. These shooters will be communicated to the stadium field and announced via radio.
 - After completion of shooting the first box on any field, the field referee will deliver the scoresheet immediately to the designated continuation table for that field to determine continuations required across all fields.
 - While the event Champion is being determined on the stadium field, the referee table will review and determine the required continuations from the shoot-off long-run ties from all fields for class and concurrent. These shooters will be added to scoresheets, announcement worksheets and assigned fields and will be called over the PA System when allowable.
 - Priority will be given to the determination of an event Champion. At the completion of each round in the Stadium field if a Champion has not been determined, any continuations already determined will be called over the PA System during the break. If the class or concurrent places are known for the continuation, they should be announced as well.
 - Continuations by field will be called starting with field 3 and moving down as required

CLASS ROUND (SHOOT-OFF ROUND 2)

- 2 Class Scores tied with less than championship scores.
 - These shoot-offs will not be called until all ties are broken from the championship scores rounds.
 - All will be called to fields over the PA System. Fields will be called in Reverse Order from 9-3 to allow those with the longest distance the most time.
 - If ALL shooters of a concurrent CH/RU/3rd place tie are in the same class those ties will be broken by the long-run of the class shoot-off and marked accordingly on the field scoresheet.

CONCURRENT ROUND (SHOOT-OFF ROUND 3)

- 3 Concurrent Round for remaining CH/RU/3rd less than championship scores and required longrun ties.
 - ALL remaining shooters tied for a concurrent CH/RU/3rd place that were NOT shot in previous Championship and Class Rounds and any required long-run ties will be called in the Concurrent round.

ARE ALL SHOOT-OFFS THE SAME?

1. Shoot-offs for all events will be doubles 3, 4 and 5, miss and out by station using NSSA Rules or procedures for shoot-offs. (Except Main HOA - see below.)
2. All continuation shoot-offs will also be doubles 3, 4 and 5, miss and out by station.
3. Main HOA Champion shoot-off - 1st round regular skeet - miss and out by target; 2nd round and subsequent rounds - doubles 3, 4 and 5, miss and out by station.
4. Shooters will use the .410 Bore for all rounds of the Wayne Mayes Championship, HOA and HAA shoot-offs

2026 SCHOLARSHIP

JOSIE CLONINGER

For years, Josie Cloninger tagged along to skeet tournaments because her older sister competed. She had no interest in shooting — until NSSA legend and family friend Jim Tiner urged her to pick up a shotgun so many times, she finally gave in. Seven years later, the Bessemer City, North Carolina, shooter is a recipient of a \$5,000 NSSA scholarship. Congratulations, Josie!

The daughter of Jason and Rebecca Cloninger, Josie graduated from Highland School of Technology in Gastonia and plans to study nursing at the University of Tennessee – Martin. Her competitive resume includes the 2021 Sub-Junior Ladies World Championship, multiple North Carolina Junior and Ladies state championships and the 2024 NSSA Junior World titles in Junior Ladies Doubles and 20-Gauge.

Away from the range, Josie has been active in National Beta Club, HOSA and the National Technical Honor Society, while volunteering with the Equestrian Special Olympics and the Backpack Weekend Program.

Although she credits longtime coach Doug Thompson, Kevin and Ron Hostinsky and Jim Tiner for helping shape her career, Josie's greatest inspiration has always been her family, especially her mother, whom she describes as the definition of a "skeet mom," encouraging not only her own daughters but every shooter who stepped onto the field.

JOHN DULD

Whether pursuing an engineering degree, earning the rank of Eagle Scout or competing on the skeet field, John Duld enjoys tackling challenges that require patience, discipline and precision. Those qualities have helped make the Shawnee, Kansas, shooter a recipient of a \$5,000 NSSA scholarship. Congratulations, John!

John graduated from Mill Valley High School and will begin a mechanical engineering 3+2 program through William Penn University and Kansas State University. He discovered skeet more than six years ago after joining the Kansas City Crushers SCTP team. Along the way, he captured multiple U.S. Open and Triple J honors while establishing himself as a consistent contender at the national level.

Outside of shooting, John is an Eagle Scout, National Honor Society member and longtime volunteer for Relay for Life and the Rose Brooks Center, devoting countless hours to giving back to his community.

John hopes to help William Penn University win an ACUI National Championship before earning his NSSA Level I Instructor certification and sharing his passion for the sport with future generations. His competitive drive, commitment to service and appreciation for those who help him along the way suggest a bright future both on and off the skeet field.

NSSA WINNERS

MICHAEL FITZNER

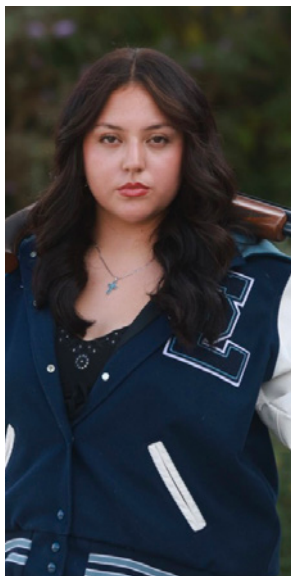

When the world slowed down during COVID, Michael Fitzner of Bellevue, Michigan, was looking for a way to stay active and channel his competitive spirit. Joining his local SCTP team proved the perfect fit, launching his skeet career. In six years, he has compiled an impressive list of accomplishments, including multiple World Championships in class competition at the 2026 World Skeet Championships and three consecutive high school state championships. He also captured the Open Doubles title at the 2023 SCTP Nationals.

Congratulations to Michael on being a recipient of a \$5,000 NSSA scholarship!

A graduate of Olivet High School, Michael plans to study at the University of Olivet while continuing to compete in skeet. His success extends beyond skeet. Michael maintained high honors throughout high school and competed on his school's bowling team, helping win a regional championship and finishing as the individual state runner-up in 2026.

Michael credits his parents for their unwavering support and his coaches for challenging him to improve every time he steps onto the field.

As he begins college this fall, Michael looks forward to continuing the pursuit of excellence that has defined both his academic and athletic career.

BAILEY MCKIERNAN

When Bailey McKiernan's high school discontinued its clay target program, she could have walked away from the sport. Instead, she helped build something new.

Working alongside a small group of dedicated supporters, Bailey helped establish the Shattered Clay Foundation, a Southern California youth shooting program that now introduces young athletes to the shotgun sports. Today, she serves as the team's captain while helping mentor the next generation of shooters. That spirit of leadership and service has earned Bailey, of Temple City, California, a \$5,000 NSSA scholarship.

A graduate of Saint Lucy's Priory High School in Glendora, Bailey plans to attend Montreat College, where she will study psychology, human services and speech-language pathology.

Bailey has earned California All-State Team honors in both the Junior and Ladies categories from 2024 through 2026, while maintaining strong academic standing and receiving recognition for academic excellence.

She credits her family — especially her father — and coaches Chris Baker, Joe Falabrino, George Desatoff and Muhammad El-Zoghbi for teaching her to believe in herself. Their encouragement has inspired Bailey to pursue her dream of serving others, continuing to compete and making a positive impact wherever life takes her.

Congratulations, Bailey!

SUPPORT YOUR MUSEUM!

The Hall of Fame Museum will be open

SEPT. 25 - OCT. 2
10 AM - 4 PM

during the World Championships. Be sure to visit the exhibits; new items are continually being added.

There are numerous programs for members to take part in to help improve the Museum. Listed below are just a few we have in progress.

To improve the quantity and quality of exhibits within the Museum and Hall of Fame, additional display furniture is needed. The cabinet program will offer members, clubs, teams or other groups the opportunity to provide an attractive and functional display cabinet to the Museum. The tax-deductible donation of \$1,000 will pay for a new Museum cabinet to display historical artifacts. The cabinet will be affixed with a brass name plaque engraved with the donors' name(s).

Preserve our history by buying a brick for the Museum wall. Your custom monogrammed brick will forever symbolize your support and appreciation of our sport. The brick measures 7 5/8" x 3 5/8" x 2 1/4" and can have three or four personalized lines. Buy one brick for \$100 or multiples at a discount.

Now available is a one ounce NSSA collector coin, featuring the enameled NSSA logo, in mirror-like relief on a frosted gold background on the front. The Museum building in platinum-like relief is on the reverse along with your membership number engraved on a raised panel. These coins are \$25 each.

Online forms for all three programs are available online at the NSSA website, www.mynssa.com. Email aschwarz@nssa-nsca.com for more information on the many programs.

HALL OF FAME FUNDRAISING

PRACTICE FIELD RENTAL: Shooters can rent practice fields prior to the shoot so that they can practice at their discretion; you choose the times and shoot your own practice regimen. A field can be rented for \$200 for a single day or \$300 for two days. Keys for your practice rounds will be on sale in the Pro Shop. Fields will be available on Wednesday and Thursday before the Mini World begins. Contact Michelle Kirk at nssa-admin@nssa-nsca.com for further information.
