

SPORT SKEET – EVENT DETAILS & FAQs

What is Sport Skeet?

Sport Skeet is an exciting, fast-paced variation of the traditional Skeet event that blends the familiar format of Skeet with the rules of Sporting Clays. It's a fun and challenging event designed for all skill levels.

When is the event held?

This event will take place daily from September 28 through October 2, totaling five separate events. Winners will be determined daily, so participants have multiple chances to win!

What is the cost to participate?

Entry is \$23 per event for a total of 50 Targets.

How will the event be scored and awarded?

Each day, all shooters' scores will be grouped into Lewis Classes based on total participation.

- 1–20 participants: 2 Lewis Classes
- 21+ participants: 3 Lewis Classes

Scores will be sorted, and winners will be determined within each class. Your highest score of the day will be used, and you can only win in one class per day, even if you shoot multiple times.

Can someone enter more than once?

Yes, shooters may enter multiple times per day. However, only their highest score of the day will count toward awards, and they are only eligible to win in one class per day.

Is it self-pulled and self-scored?

Yes. Shooters are responsible for pulling and scoring themselves. An information sheet with details about the event and rules will be available in the Pro-Shop, and signs will be posted on the field to guide you through each station.

What prizes are offered?

The winner of each class will receive one case of shells (any brand of their choice). Prizes can be picked up the following day at the Ammo Barn. Prizes will be limited to one person in each class. Ties will be broken by Shoot Administration using standard methods (long-run, coin flip, etc.).
