# WELCOME TO THE

It is a great privilege to host the Junior World Skeet Championship and it is a true pleasure to welcome the competitors and their families! The Team at Jacksonville Clay Target Sports Center look forward to providing the best experience possible for all the competitors and their families.

We have a talented and outstanding group of young people coming to join us and while we cannot guarantee everyone a perfect score this week, we can guarantee a tournament filled with great targets, outstanding referees, excellent food, and plenty of fun events to make several lasting and extraordinary memories.

The Junior World Skeet Championship is a great time to make new friends, strengthen old friendships, and grow the bonds of community that hold this great sport together. Families travel from across the country to attend this prestigious event, and as such this week is the perfect time to form new friendships with shooters both young and old.

Jacksonville Clay Target Sports is located in northeast of Florida and is one of the oldest, continuously operating gun clubs in the country. Established in 1936, Jacksonville Clay Target Sports has 10 regulation skeet and trap fields, a 5-stand field and (2) 15 station sporting clays courses. There is a large club house with an enclosed dining area and a covered patio. In addition, there are 70 camping spaces (48 with power and water, 7 power only and multiple dry camp spaces)

The Jacksonville facility is nearby to an international airport as well as many attractions such as the Jacksonville Zoo which covers over 100 acres and over 2000 animals, several shopping locations as well as local towns such as Amelia island and St Augustine as well as several coastal beaches all within 30 minutes of driving. We know that everyone can find something memorable outside of their shooting time should they choose to seek it.

So please, make yourselves at home, shoot straight, form new friendships, and most importantly have a great time! Thank you so much for attending. We look forward to throwing a memorable Junior World event here at the Jacksonville Clay Target Center! If we can be of any assistance at any time, do not hesitate to come talk to us.

Good Luck,

Patrick Heatherington,  
President, Jacksonville Clay Target Sports

Years ago, the Junior World Skeet Championships did not exist. The Sub-Junior, Junior, and Collegiate competitors (generally ages 10 to 23) had to compete in the annual National Skeet Shooting Association (NSSA) World Championships held in October. This presented challenges for the younger shooters to attend due to educational commitments. The NSSA decided to develop a new “Junior Only” World Championship to be held annually in the month of July. Hence, the Junior World was born.

The Junior World Championship travels around the country to different locations. Clubs wishing to host the Junior World are required to formally request the event. NSSA maintains a minimum list of requirements that each club must comply with in order to be considered for the Junior World host club. An example of these requirements is the number of skeet fields required to handle the volume of Junior World shooters. NSSA executives evaluate each request and pre-select a host club for the following year. The default location will be the National Shooting Complex in San Antonio, TX.

During the Junior World, shooters compete in their concurrent(s) status only; such as Sub-Junior, Junior, and Collegiate. For instance, Sub-Juniors will only compete against other Sub-Juniors. There is no competition between classes such as AAA, AA, A, etc. A special twist to the Junior World is that concurrents are classified as Class I, Class II or Class III based on their target average for each event (Doubles, 12, 20, 28, .410 Bore and HOA). Note that the High-All-Around (HAA) event is based on Doubles and 4 guns, and is “Honors Only” in the event that a shooter does well enough to hit all 500 targets! NSSA awards All-American points for concurrent performance. The concurrent All-American point system is based on the number of competitors in the same concurrent event; at normal registered skeet tournaments it is uncommon to have very many junior competitors. This makes the Junior World a key event in the selection of the Sub-Junior, Junior, and Collegiate All-American teams.

The break points in the different classes and the corresponding averages are specified by the Junior World committee and are listed in the shoot program. The Junior World classification system is used to award medals for each class in each event. Sub-Junior and Junior class medals are awarded for first through sixth in each class. Collegiate class medals are awarded for first through third. In each event, the Champion, Runner-up and Third place winners in each concurrent are removed from Class I, II, or III, then Class I, II, and III places are determined. All-American points for Sub-Junior, Junior and Collegiate are awarded to the event Champion, Runner-up, Third and places in Class I. Competitors can declare up to Class I if they so desire. This must be done when they register and prior to competing in the event.

In each event, if there are any ties in score for Class I, II, and III places, a shoot-off occurs to determine the winner. Long runs may also be used to determine Class II and III places. Long runs are defined as the number of consecutive targets broken from the FRONT and from the BACK of a competitor’s event score. For instance, if a competitor misses their fourth target in the first box and then breaks the remaining targets for a score of 99, the competitor’s long runs are e and 96. The largest number is used to determine class placement against other competitors with a score of 99 in the event. Long runs are commonly used at the NSSA World Championships due to the number of potential shoot-offs. The Junior World Shoot Management will use shoot-offs to determine places for medals and Class I places. Long runs will be used only in the event of inclement weather or any event that would preclude shoot-offs breaking ties. This will be determined by the Protest Committee in conjunction with Shoot Management.

1. Advance registration and \$150.00 deposit required for each competitor.
2. All participants must be NSSA members in good standing.
3. NSSA classification cards must be up-to-date prior to registration. Shooters who do not present an updated and complete classification card with scores from the last five (5) shoots will shoot in Class I.
4. This is an NSSA-registered event and NSSA rules will govern unless otherwise noted in the program and/or posted at the event.
5. Eye and ear protection are mandatory for all competitors during events and for all individuals on or near the skeet fields.
6. Entry for High Over All (HOA) event must be made prior to shooting the 12-gauge event.
7. An "Honors Only" High All Around (HAA) will be offered. There will be no charge for this event.
8. Practice fields will be open Wednesday 24 July starting at 11 a.m. Thursday, Saturday and Sunday from 8:00 a.m. until conclusion of the last flight; and Friday beginning after the Opening Ceremony until conclusion of the last flight, based on field availability. Practice rounds will be \$8.50 per round of 25 targets.
9. Referee's decision on all decisions of fact will be final. All protests must be referred to the protest committee. Shooters must inform referees of protests before shooting the next station.
10. Preference will be given to Sub-Junior, Junior and Collegiate shooters. Parents and coaches will be allowed to shoot all events based on availability.
11. Spectators and contestants assume all risk of loss of property or injury occurring while at Jacksonville Clay Target Sports.
12. Shoot Management reserves the right to change this program without recourse or protest. The management also reserves the right to refuse entry or cause withdrawal if a contestant annoys, endangers or interferes in any manner with another shooter or disturbs the harmony of the shoot. There will be no alcohol consumed until after the close of the day's events.
13. There will be no refunds for withdrawals after 6/25/24
14. No parents or coaches are allowed on the fields during the competition unless they are participating as a competitor.
15. Food and beverages will be available for lunch and dinners.
16. Competitors must be at their assigned field ready to shoot no later than fifteen (15) minutes prior to their scheduled event time. It is recommended that shooters be at their assigned field 20 minutes before squad time.
17. Competitors registering for four guns must shoot at times scheduled on their chosen rotation. Squads will NOT be called. ***It is the responsibility of each competitor to be at the correct field at the correct time.***
18. Shooters participating in less than the entire four-gun program will be scheduled as near their requested time as possible; but, by necessity, must be accommodated at the convenience of Shoot Management to allow four-gun shooters preference.
19. Shooters must check their scores before leaving the field in accordance with NSSA rules. There will be no cash purses available for any Junior World events.
20. All door prizes must be picked up at the shoot. No prizes will be mailed.
21. Protest Committee: The Protest Committee will be posted at the event.
22. **Onsite registration can accept credit cards, checks or cash.**

**SCTP MEDALS WILL BE AWARDED**

*Based on 12 gauge event*

Notify registration of SCTP status during registration at the shoot!

**SHOOT-OFF INFORMATION**

In case of ties, shoot-offs will be conducted to determine all awards; long runs may be used to break ties for Class II and III awards if time constraints so dictate. NSSA “miss and out by station” shoot-off rules will apply for all individual and team awards. Two-person team scores will be combined and used as an aggregate score to determine awards. Shoot-offs will be conducted with skeet doubles at determined stations until a winner is determined. All shoot-offs will be announced to competitors at least 10 minutes prior to the shoot-offs. If possible, shoot-off sheets will be posted near the scoreboard. All contestants and/or teams called for a shoot-off and not present within 10 minutes, will forfeit all rights to any award they might have won due to the results of the shoot-off. All shoot-offs will occur at the conclusion of the final event of that day according to NSSA rules. Shoot-offs will run on three fields: Sub-Juniors, Juniors and Collegiate simultaneously.

## CHAMPION OF CHAMPIONS

It is a tradition at NSSA World Championship events to conduct a non-registered preliminary event known as the Champion of Champions competition. This preliminary event is also referred to as the Champ of Champs (C of C) Event. All competitors wishing to compete are allowed. Parents are allowed to compete with their youth competitors; however, preference for youth shooters is given to the available competitor slots.

The event consists of shooting one regulation round of skeet in the 12, 20, 28 gauges and .410 Bore totaling 100 targets shot. Sufficient time is given in between rounds to reconfigure tubed guns for each subsequent round. Note: a shell smaller than the gauge specified can be used for the first three rounds; some shooters choose to shoot 20 gauge for the first two rounds, while other shooters choose to shoot 28 gauge for the first three rounds in the C of C Event.

There are no All-American points awarded and no two-person concurrent teams or parent/child teams in the C of C Event.

# DOUBLE ALL-AMERICAN POINTS AT 2024 JUNIOR WORLD

A Collegiate shooter is defined as a full-time undergraduate student in an accredited degree-oriented learning institution up to a maximum of five (5) years of eligibility. For one time only, a shooter is eligible to compete as a collegiate shooter prior to his/her freshman year as long as he/she produces a letter of acceptance from a degree-oriented institution. If required by Shoot Management, entry eligible individuals must produce a valid student identification card. The card must be valid as of January 1st of the current shooting year. The Collegiate concurrent will be divided into two (2) separate classes for award purposes and classification shall be based on the competitor's current average for each respective event (12, 20, 28, .410 Bore, Doubles and HOA). If a competitor enters the Junior World championships without a previously established average, the score achieved during the competition will be used to classify them into a group as defined below.

Collegiate classifications (By Average)

	Doubles	12 Gauge	20 Gauge

# DOUBLE ALL-AMERICAN POINTS AT 2024 JUNIOR WORLD

## PARENT/COACH-CHILD EVENT

Parent/Coach-Child Concurrent – eligibility to shoot in the Junior World under a “parent/coach concurrent” status will be granted for parents, step parents, guardians and other members of the Sub-Junior, Junior or Collegiate’s family who are 18 years of age or older. In the instance that a youth shooter does not have a family member to participate, a coach (known to actively participate in the Sub-Junior, Junior or Collegiate competitor’s training) will be allowed to participate for purposes of the parent/coach-child team events. NO NSSA All-American points will be reported for the parent concurrent of the parent-coach/child team events. The parent/coach will not be separated in Classes I, II or III, other than the classification defined in the parent/coach-child teams listed below.

Parent/Coach-Child Team is defined as a two-person team comprised of one Sub-Junior, Junior or Collegiate competitor and an eligible parent/coach (as defined above). All parent/coach-child teams will compete against other teams without regard to the age of the child competitor (parent/collegiate teams will compete against parent/junior and parent/sub-junior). The two-person team will be assigned a team classification based on the team’s (current) combined average for each respective event (12, 20, 28, .410 Bore, Doubles and HOA). Competitors may participate with different team members in different events, but they will remain limited to one parent/coach-child team per event. There will be no charge for participation as a parent/coach-child team. If a parent/coach-child enters the Junior World championships without a previously established average, the score achieved during the competition will be used to classify the team into a group as defined below.

	Doubles	12 Gauge	20 Gauge
CLASS I	92.00 and over	95.50 and over	94.00 and over
CLASS II	Under 92.00	Under 95.50	Under 94.00
	28 Gauge	.410 Bore	HOA
CLASS I	93.00 and over	90.00 and over	93.20 and over
CLASS II	Under 93.00	Under 90.00	Under 93.20

### PARENT/COACH-CHILD TEAM AWARDS

(Per event – 12, 20, 28, .410 Bore, Doubles and HOA)

Champion, Runner-Up, Class I (1st & 2nd), Class II (1st & 2nd) and Parent/Coach (Champion, Runner-Up & 3rd)
