To: NSSA Member Clubs

The attached revised NSSA Gun Club Manual is provided for your use and information. It is our hope that this manual will help answer many of your questions regarding NSSA programs, Gun Club Operations and hosting and reporting registered skeet shoots.

I recommend the manual remain in the club for easy access to officers, directors, managers and volunteers. This manual will aid in the continuity of operations when these key club officials change.

The manual is ready for insertion in a 3-ring binder. Also, provided is a slip-in cover and spine to help make file identification easier.

Sincerely,

Don Snyder
NSSA Director
