2023 WORLD SKEET CHAMPIONSHIPS

PRESIDENT'S WELCOME

On behalf of the NSSA / NSC Staff and my fellow Executive Committee Members, I would like to wish you a warm welcome to the 2023 World Skeet Championships.

Every year, the members that are in attendance at the World Championships are asked to fill out a "post event" survey to gather statistical and anecdotal information to help improve the attendee experience in subsequent years. Believe it or not...the staff and the EC do pay attention to the results and trends gathered in these surveys and work hard to make changes to the event and facility to address the comments. Fair warning, we do not take all of the recommendations due to cost or timing, but we do try to accomplish what we can.

Based upon the 2022 surveys, and other inputs, here are some of the improvements that have been made to our NSC facility over the past twelve months. Hopefully, you would have noticed, but we are expecting a lot of "first-timers", so here is a list...in no particular order. The famous telephone pole that was stuck in the middle of our entranceway has been removed and the entrance is now finished. Our main driveway has been widened and curbed to prevent erosion. The area around the Ammo Building has been regraded to prevent pooling of water. The RV dump station has been replaced and upsized to prevent pooling of...you get the idea. The main parking lot has been resurfaced and laid out to provide better parking and traffic flow. Our Registration Building has been redesigned and decorated to make it a welcoming venue, and a much nicer place for our hard working administration staff. You will also notice vastly improved gun racks (no more dinged works) and even the trash cans have been replaced. The over/under of how many trash cans getting run over in the RV park will be determined at a later date, but I am guessing at least 10! The funding for the majority of these improvements came from a lead

reclamation and sale of a cell tower on our property. We felt that the best way to spend these funds was to re-invest it in the NSC.

As far as the actual tournament goes, we also paid attention to the comments and have made some changes. To help give better target visibility, we will be using "New York Style" targets. Yes, even in Texas trees grow and the larger orange surface should give us a better view in the tougher backgrounds, while still providing the desired contrast with the black bottom. During this past year's Triple J, we gathered a whole pack of the "Big Dogs" to get their opinion of how these targets looked under the lights, as compared to All Orange targets. The overwhelming conclusion was that there was virtually no difference. This will allow late shoot offs to be conducted much quicker, as no target changeover (on nine shoot off fields) will be required.

Speaking of shoot offs...we had a planned three year trial on our shoot off format in which we combined many shoot offs together, requiring competitors to shoot a whole box etc. Based upon the feedback of shooters, administration staff and referees, we are making a change to go back to a more "traditional" format of shoot offs, in that we will be separating Championship, from Class, from Concurrent shoot offs. While this traditional format may take a little longer to complete, we feel that this modification to our shoot offs will reduce confusion and frustration, and make the World Championship experience a better one for all involved.

Also, from the surveys, we know that well over 90% of attendees are "very likely" to return to World Championships in future years. That is why we have invested in extra "free entries" this year, to entice first timers and to recapture some of the folks that chose not to attend during the Covid era. Certainly, for many it was not a choice, but regardless, welcome back!

I would encourage you to take the time to patronize and thank our sponsors. We couldn't have a successful event without them. Likewise, our game is dependent upon our referees. Their dedication and ability to focus all day, day after day is truly amazing so please be courteous and show gratitude to them as well as the NSC staff.

As only the second "Non-American" President in the history of the NSSA, I do want to tell you how special it is for me to be in attendance at the 2023 World Championships. Generally, it has been a real honour to serve the association and the membership in this capacity. I am very proud of the efforts that the NSSA / NSC staff and the members of the Executive Committee have made to help direct the organization and "The Worlds" in particular.

I hope you all shoot well and have a great time in San Antonio!

Best regards,

Steve Malcolm

PAYOUTS OF PURSES AND OPTIONS

All purses and other payments will be made by check and mailed at the conclusion of the shoot. Checks for awards totaling more than \$600 will not be mailed until we have been provided with shooter's Social Security number.

INCLEMENT WEATHER/LIGHTNING PLAN OF ACTION

At the first sign of an approaching storm, local Doppler radar will be monitored for the direction and severity of the storm. At the same time, shoot management will be strategically positioned to monitor the approaching storm for lightning and any other potential dangerous elements.

At first sight of lightning (by and/or relayed to any shoot staff), a cease-fire will be called immediately via PA system and by shoot management to each field where PA is not available. All fields will be cleared of both participants and staff, with all taking cover in available areas, i.e.: Club House, Vendor Buildings, vehicles, etc.

Shoot management will continue to monitor lightning strikes, starting a new time clock with each observed strike. At the duration of 20 minutes with no strikes, shoot management will begin the process of returning participants to the field(s) to continue with shooting. By starting this process at 20 minutes, the total elapsed time from the last strike until shooting begins is anticipated to be 30 or more minutes.

The above process will be repeated for any and all storms / lightning strikes observed.

In the event of any other dangerous elements of an approaching storm, such as extremely high winds/ tornado or hail, the same cease-fire and field evacuation procedures as above will be implemented as soon as the danger is realized.

NATIONAL SHOOTING COMPLEX SKEET SHOOTING ACHIEVEMENT CELEBRATION POLICY

In order to continue the tradition of "hat shooting" in celebration of individual achievements and also maintain a safe and controlled environment, the following procedure will be implemented and adhered to during the World Skeet Championships and all other skeet shoots held at the National Shooting Complex.

Following the completion of a shooter's first 100 straight, 4x4 or 5x5 please report to registration where there will be a sign-up sheet to record shooter and squad members. Prior to each evenings shoot-offs, or the next day's shoot-offs if there are none on the given day, shooter of the perfect score and squad members will be called to the shoot-off stadium. Only the shooter of the perfect score and squad members will be allowed to shoot the hat. Hat will be tossed by a member of management / shoot personnel. Each squad member will be allowed to load and shoot no more than two (2) shells. Hat will be shot while in the air only, no shooting once it has hit the ground. When all hats have been shot for the day, the field will be closed for retrieval of all hats.

PERSONAL CART INSURANCE

NSSA-NSCA-NSC has implemented a policy that proof of liability insurance is required for operation of personally-owned carts at the facility. Minimum liability, such as written for auto policies, for injury/accident is what is required. The policy is required to have reference to the cart that is to be operated and often can be added to current auto or home owner policies. Proof of insurance can be sent prior to your arrival via email to Hallie Cech at nationalshootingcomplex@nssa-nsca.com or by US Mail to:

**NSSA
Hallie Cech
5931 Roft Rd
San Antonio, TX 78253**

Upon arrival, a permit, which is to be displayed on the cart, will be available for pick-up in the Club House Pro Shop. If you are unable to send insurance in advance of arrival, simply bring your proof of insurance into the Pro Shop when you arrive and a permit will be produced and issued.

REFEREES

This tournament will use professional referees. Calls made by the referee will stand unless presented to the Protest Committee for review.

CLASSIFICATION

1. Current NSSA classification rules will be enforced throughout this tournament. Classifications set forth below will apply.
2. A classified shooter may declare up in class to any class above his/her current classification.
3. Individual, Concurrent and Team classifications set forth below will apply.
4. Teams are not required to shoot shoulder to shoulder. To be eligible for a World Record, 5-Man-Teams must shoot shoulder to shoulder.
5. Shooters' Doubles average will be included with averages for the other four gauges to determine their average for the Winchester 550 Classic. The table printed below will be used to determine class.
6. Computation of HOA or HAA average for shooters who are not a "Classified Shooter" in all gauges will be based on their current New Shooter and/or Classified Shooter averages. A shooter who has never shot registered targets in any one of the required gauges may declare "AAA" in these events.
7. An individual's HOA class and 550 class will not be lower than his/her lowest gun class.

LEWIS CLASS PURSE

There will be FIVE CLASSES in the Lewis Class Purse, regardless of the number of entries. Offered in all Mini-World Events (except HOA); Doubles, .410, 28, 20, 12 Gauge Championships.

This system is based on the final scores as they are posted when the shoot has been completed and gives every contestant an equal chance to win, no matter what their shooting ability.

REMINDER: Your NSSA classification has nothing to do with your “class” in this Lewis Class purse. Your class for this optional purse will be determined solely by the rules below.

ENTRY FEE: \$10 per event
High Gun - 3 Places, each class split 50/30/20

For 150-Target 12 GA Championship

ENTRY FEE: \$20
High Gun- 3 Places, each class split 50/30/20

When all the shooting has been completed, the scores are listed in numerical order from the highest to the lowest. They are divided into as many groups as there are classes. For example, if there were 30 entries and 5 classes, there would be 6 scores in each class. The highest score in each class would be the winner.

Since there will often be odd numbers of entries and tie scores on the dividing line between the classes, the following rules have been established:

1. Where a short class is necessary, due to odd entry list, the short class or classes shall head the list.
2. Where the line of division falls in a number of tie scores, the contestants are assigned to the class in which the majority of the scores appear.
3. Where an equal number of tie scores appear on either side of the line, contestants shall be assigned to the head of the lower class.
4. Where the original division is changed, due to tie scores, this change shall apply only to the classes directly affected and the original division shall continue in the other classes.

For example, a shoot containing a 100-target program in which there are 5 Lewis classes and 33 contestants. Since the short classes are placed first, there would be 6 shooters in Class 1 & 2 and 7 shooters in Classes 3, 4 & 5. The final scores are arranged from highest to lowest and the lines drawn in between the classes.

Brackets (}) represent assignment of scores according to Rules 2 and 3. Horizontal lines below numbers represent division of all entries into classes according to Rule 1.

All decisions on military eligibility are to be made by the NSSA Military Committee to be appointed by the NSSA President and to consist of representatives of the various branches of military service who are on the grounds. If a Service does not have five Military (ML) members entered in the shoot, shoot management may allow a team to include one Retired Military (RM) or one Military Veteran (MV) member, from the same Service as the ML members, to form a 5-man Armed Forces team. A team, so formed, is not eligible to establish any World record scores. The RM or MV member is not required to shoot shoulder-to-shoulder with the other four ML team members.

**NSSA concurrent status is defined by age on January 1st of shooting year, not date of competition.*

WORLD SKEET SHOOT IN A NUTSHELL

REGISTRATION

If you don't understand something – Ask!

It will make everything easier if you read this program, particularly the General Information on pages 8-11. Some of the most important things to recognize and remember:

You are responsible for verifying that the classes and events you have entered are correct before you leave Registration. You are responsible for notifying Shoot Management (Registration) of any protests or corrections ASAP. Notification must be received before 11 AM the day after the event is shot.

SCOREBOARD

After each flight is completed, the digital scoreboard will be updated. Remember, all the scores have to be checked, re-added and keyed into the database. The computer processes the information, adds it to any prior information and updates a new scoreboard. **It's extremely important that all shooters check the scoreboard daily to make sure that all the scores are correct in all events, classes, concurrents, purses and options that they've entered.**

WORLD SHOOT WEBSITE: WWW.MYNSSA.COM

HOW DO YOU FIND OUT IF YOU WON ANYTHING?

1. Check the scoreboards.
2. Watch the television screens.
3. Listen for your name when shoot-offs are called.

A complete list of winners is posted on the scoreboard after shoot-offs have been completed. No medals are given out until the name appears on the Official Winners' List, and winners are not declared if there is a possibility of an incomplete shoot-off.

HOW DO YOU KNOW IF YOU ARE IN A SHOOT-OFF?

1. Read the event description in the program to find out what places and events are to be shot off.
2. Check the scoreboard to determine if your score tied with another shooter.
3. Listen for your name when shoot-offs are called.

Important! In some events, the results of the last flight of the day may produce ties that may not be posted before shoot-offs are announced. If there is any chance you have a score that may qualify you in a shoot-off, be prepared with gun and ammunition so you won't be late reporting to the correct field. **At the conclusion of the last flight each day, shoot-off information will be posted behind field 3.**

IF I DO WIN, WHERE DO I PICK UP MY AWARDS?

Open Champion, Runner-up, Third and Class First awards will be given out on the stadium field at the conclusion of the days shoot-offs. All other Mini and Main World Shoot awards will be available for pick-up at Registration from 11:00 AM – 5:00 PM Sunday, October 1–Friday, October 6.

REFEREES

This tournament will use professional referees. Calls made by the referee will stand unless presented to the Protest Committee for review.

SHOOT-OFFS AND TIES

Most rules apply to all shoot-off events (except when specifically mentioned in an event below)

1. In the event that scores lower than perfect scores shoot-off for Championship titles (i.e. Event or Concurrent CH, RU and 3rd), the shoot-off long runs will supersede the event long runs when determining class winners. All places in class (i.e., 1st thru 10th) will be shot off. Any concurrent long run ties below CH, RU or Third for medals or points will be shot off. Remember the HOA event includes all four guns; your front long run is the 12 Gauge Event and the .410 Event is your back long run.
2. With the exception of Two-Person Teams, when the same individuals are tied for different titles in the same event (like Event Champion and Senior Champion), only one shoot-off will be held to determine both titles, in accordance with NSSA Rule II-B-8-b. Two-Person Team Event Champions will be shot off separately from the event shoot-off. Only Team Event Champion will be shot off.
3. In the event that a shoot-off is not completed on the day scheduled, it will be rescheduled by shoot management. On that day, shoot-offs will commence and be completed in the same sequence as the events were shot.
4. In the event of a broken gun during a shoot-off, a contestant will have 10 minutes to have the gun repaired or replaced. Failure to comply with the 10-minute time limit will result in automatic disqualification.
5. When more than one shoot-off is conducted on a given day, the second and subsequent shoot-offs will be called by the Chief Referee and announced over the PA system.
6. Shooters have five minutes to report to their shoot-off in accordance with NSSA Rule II-B-9-g.

MINI-WORLD

WHAT EVENTS WILL BE SHOT OFF?

Shoot-offs will be held in all Mini-World Events where there are ties for any of the places listed below.

Mini-World shoot-offs for the 12 and 20 gauge events will be posted on the scoreboard no later than 3:30 PM on the day of the event.

PLACES TO BE SHOT OFF

Open Champion, Runner-up and Third

Open Class First thru Tenth for AAA, AA, A, B, C, D (and E when offered)

All Concurrent Champions, Runners-up and Third and any long-run ties

WHEN WILL MINI-WORLD SHOOT-OFFS BE HELD?

Friday, September 29

Saturday, September 30

Sunday, October 1

Doubles & Referee Event

12 and 28 Gauge

20 Gauge, .410 Bore and HOA/HAA

Mini-World 12 and 20 gauge perfect scores must report to the stadium field, within 30 minutes of their squad completing the event (15 minutes for shooters on the last flight of the day) to shoot their first round of the shoot-off. A participant will shoot until he/she misses twice or completes the round. Shoot-off fields for all shooters who complete the first round will be announced. Shooters who miss two targets should stand by at the end of the day and listen to announcements in case they are needed for a continuation shoot-off.

WHERE AND WHEN DO I REPORT FOR MY SHOOT-OFF?

- 1 The Shoot-Off Information table located behind Field 3 provides information for all shoot-offs, including confirmation of field assignments.
- 2 Any shooter posting the high score in the day's first event to be shot-off must report to their assigned shoot-off field 15 minutes after the last shot fired for the day has been announced. This in turn gives the squad firing the last shot for the day 15 minutes to report to their assigned fields.

HOW DO SHOOT-OFFS PROCEED?

- 1 Shoot-offs shall be conducted doubles stations 3-4-5, miss-and-out by station. This means that a shooter must break both targets on a station in order to beat a shooter who only broke one target (i.e. if one shooter breaks the first target and another shooter breaks the second target, they are still tied) as described in the current NSSA rule-book.
- 2 Each Shoot-Off long-run is the number of targets broken from the front before a miss, by station. After a miss on any station the next long-run restarts on the next station.

CHAMPIONSHIP ROUND (SHOOT-OFF ROUND 1)

- 1 All Championship Scores (scores of 150, 100 or highest required)
 - Fields will be called in Reverse Order from 9-3 to allow those with the longest distance the most time to reach the field.
 - All Shooters will shoot until a miss or completion of a 24 in that round.
 - All Shooters that miss in the first round of perfect scores should make their way toward the stadium and field 3 where they will be called to standby for any continuations determined (via PA when allowable).
 - All shooters completing the box are logged by class and concurrent and sent to the Stadium Field for the next round of the Championship shoot-off. These shooters will be communicated to the stadium field and announced via radio.
 - After completion of shooting the first box on any field, the field referee will deliver the scoresheet immediately to the designated continuation table for that field to determine continuations required across all fields.
 - While the event Champion is being determined on the stadium field, the referee table will review and determine the required continuations from the shoot-off long-run ties from all fields for class and concurrent. These shooters will be added to scoresheets, announcement worksheets and assigned fields and will be called over the PA System when allowable.
 - Priority will be given to the determination of an event Champion. At the completion of each round in the Stadium field if a Champion has not been determined, any continuations already determined will be called over the PA System during the break. If the class or concurrent places are known for the continuation, they should be announced as well.
 - Continuations by field will be called starting with field 3 and moving down as required

CLASS ROUND (SHOOT-OFF ROUND 2)

- 2 Class Scores tied with less than championship scores.
 - These shoot-offs will not be called until all ties are broken from the championship scores rounds.
 - All will be called to fields over the PA System. Fields will be called in Reverse Order from 9-3 to allow those with the longest distance the most time.
 - If ALL shooters of a concurrent CH/RU/3rd place tie are in the same class those ties will be broken by the long-run of the class shoot-off and marked accordingly on the field scoresheet.

CONCURRENT ROUND (SHOOT-OFF ROUND 3)

- 3 Concurrent Round for remaining CH/RU/3rd less than championship scores and required longrun ties.
 - ALL remaining shooters tied for a concurrent CH/RU/3rd place that were NOT shot in previous Championship and Class Rounds and any required long-run ties will be called in the Concurrent round.

ARE ALL SHOOT-OFFS THE SAME?

1. Shoot-offs for all events will be doubles 3, 4 and 5, miss and out by station using NSSA Rules or procedures for shoot-offs. (Except Main HOA - see below.)
2. All continuation shoot-offs will also be doubles 3, 4 and 5, miss and out by station.
3. Main HOA Champion shoot-off - 1st round regular skeet - miss and out by target; 2nd round and subsequent rounds - doubles 3, 4 and 5, miss and out by station.
4. Shooters will use the .410 Bore for all rounds of the Wayne Mayes Championship, HOA and HAA shoot-offs

MAIN CHAMPIONSHIP EVENTS

2023 SCHOLARSHIP

KADIE ANDERSON

Congratulations to Kadie Anderson of Odum, Georgia, recipient of a \$5,000 NSSA scholarship. Kadie is a recent graduate of Georgia Cyber Academy and attends Abraham Baldwin Agricultural College, majoring in Animal Science.

Kadie has been shooting skeet for six years. "I got started after I went to a dove shoot with my dad," said Kadie. "I couldn't hit anything, so my dad introduced me to shooting clay targets as a way to practice for the next time we went hunting."

The daughter of Kade and Kristy Anderson, Kadie maintained a 4.0 GPA in high school, while finding time for dual enrollment in her senior year and volunteering for a local veterinary clinic and church. Her skeet awards are many, including numerous Junior World and state championships and a podium finish in last year's World Skeet Championships. In 2023, she is on the Krieghoff All-American Ladies Team and Georgia State Open Team.

Kadie credits her dad as a big influence, taking her to practice and even improving his own shooting to better help her. "Mr. Jim Tiner has also been a big influence in my shooting," said Kadie. "He has supported me ever since I met him, and I am truly grateful to him."

JACK TAYLOR

Jack Taylor of Adair, Oklahoma, son of Shawn and Michelle Taylor, is a 2023 recipient of a \$5,000 NSSA scholarship. A graduate of Adair High School where he was his class Valedictorian, he now attends Oklahoma State University and is studying Entomology.

In high school, Jack participated in numerous service organizations and achieved many academic honors, including the Certificate of Distinction, National Honor Society, Superintendent's Honor Roll, Adair High School Citizenship Award, and selection as Mid America Youth Ambassador. He began shooting clay targets 8 years ago with his grandfather, using a handheld thrower. Then he started shooting with SCTP and moved to shooting NSSA competitions. An NSSA Life Member, he has already earned numerous Junior World awards, as well as podium finishes at Mini World, World Skeet Championships, and Oklahoma State championships. He has also made the Krieghoff All-American Teams for the past three years.

"Barry Hartmann is a master level skeet coach who has helped me evolve into the shooter I am today," said Jack. "We have been working together for 7 years, and he has been a very important person in my life. I wouldn't be at this point in my career without him." Congratulations to Jack on his accomplishments!

NSSA WINNERS

OWEN KNIGHT

Congratulations to Owen Knight of Macy, Indiana, on being the recipient of a \$5,000 NSSA scholarship. The son of Michael and Cori Knight, Owen graduated this year from North Miami High School and is attending Owens Community College, studying Diesel Technology.

Owen began shooting skeet 9 years ago. His home club is the Kosko Conservation Club, where he joined the Kosko Dust Devils SCTP team. "Wanting to shoot more," said Owen, "I started to compete in NSSA registered shoots, which gave me more experience and confidence."

In addition to shooting, Owen was a 10-year 4-H member, showing dairy steers, and was involved in FFA where he received state and national competition awards.

Owen has already had an impressive skeet career, having won 14 Indiana State awards, Pennsylvania State Open HOA, Junior World championships for .410, Doubles, and HOA, and many other World, Mini World, U.S. Open, and Junior World podiums. He has made Krieghoff All-American Sub-Junior and Junior Teams and Open Team Honorable Mention.

"I would like to thank the coaches of the Kosko Dust Devils, my squadmates, and the many great people I have met that have given me advice and encouragement," said Owen.

RYAN KITCHEN

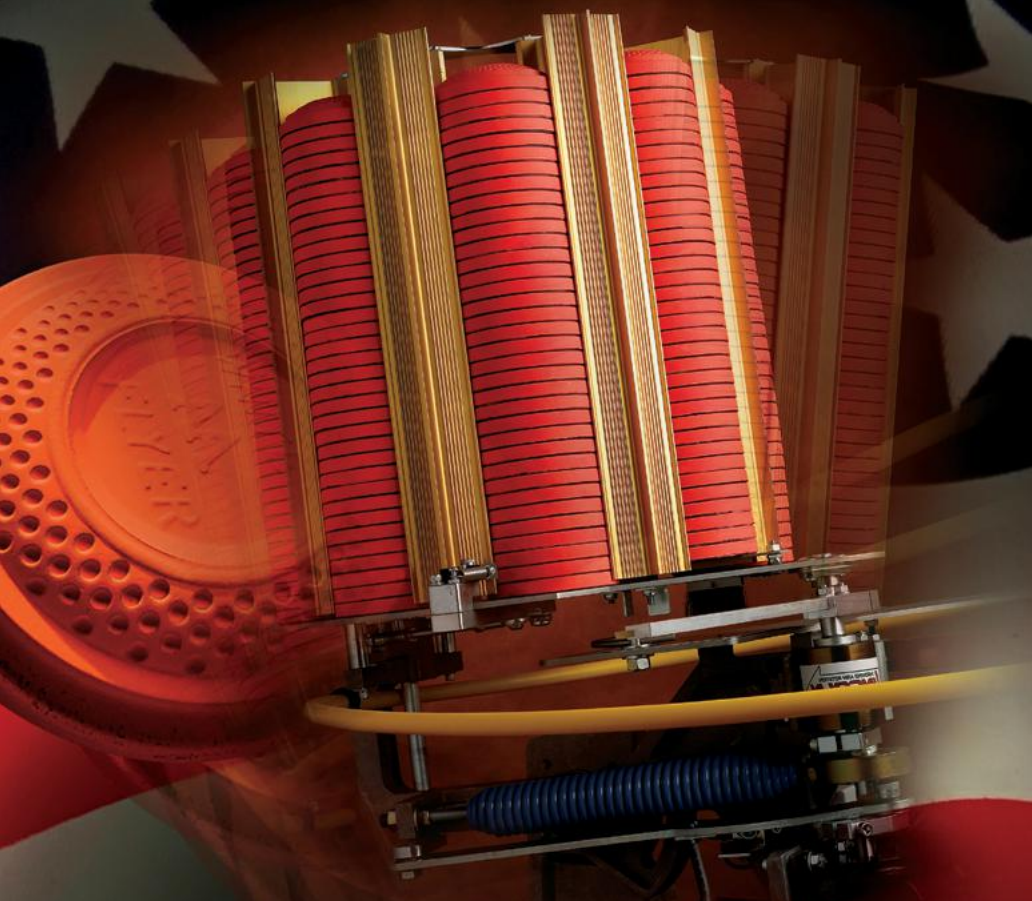

NSSA extends its congratulations to Donald Ryan Kitchen of Wittenburg, Kentucky, on his selection as one of the four 2023 recipients of \$5,000 scholarships. Ryan is a recent graduate of Johnson Central High School and is now studying mechanical engineering at the University of Kentucky.

The son of Elizabeth and James Kitchen, Ryan shoots at Ashland Gun Club. Ryan became a shooter through trap but started shooting skeet in 2018 when he wanted to expand his shooting activities beyond trap.

In high school, Ryan received honors for AP calculus and AP physics. He was involved in the Technology Students Association (TSA), SkillsUSA, Johnson Central solar car team, and 4-H.

As a skeet shooter, Ryan has won the 2021 and 2022 Kentucky State HOA and HAA championships and was the 2022 Junior World 12-Gauge Champion. He was named to the Krieghoff All-American Junior Team.

Ryan credits his parents for helping him reach his shooting goals, as well as his friends at Ashland Gun Club.

SUPPORT YOUR MUSEUM!

The Hall of Fame Museum will be open

SEPT. 29 - OCT. 6
10 AM - 4 PM

during the World Championships. Be sure to visit the exhibits; new items are continually being added.

There are numerous programs for members to take part in to help improve the Museum. Listed below are just a few we have in progress.

To improve the quantity and quality of exhibits within the Museum and Hall of Fame, additional display furniture is needed. The cabinet program will offer members, clubs, teams or other groups the opportunity to provide an attractive and functional display cabinet to the Museum. The tax-deductible donation of \$1,000 will pay for a new Museum cabinet to display historical artifacts. The cabinet will be affixed with a brass name plaque engraved with the donors' name(s).

Preserve our history by buying a brick for the Museum wall. Your custom monogrammed brick will forever symbolize your support and appreciation of our sport. The brick measures 7 5/8" x 3 5/8" x 2 1/4" and can have three or four personalized lines. Buy one brick for \$100 or multiples at a discount.

Now available is a one ounce NSSA collector coin, featuring the enameled NSSA logo, in mirror-like relief on a frosted gold background on the front. The Museum building in platinum-like relief is on the reverse along with your membership number engraved on a raised panel. These coins are \$25 each.

Online forms for all three programs are available online at the NSSA website, www.mynssa.com. Contact Glynne Moseley at 210-688-3371 x 270 or email aschwarz@nssa-nsca.com for more information on the many programs.

HALL OF FAME FUNDRAISING

PRACTICE FIELD RENTAL: Shooters can rent practice fields prior to the shoot so that they can practice at their discretion; you choose the times and shoot your own practice regimen. A field can be rented for \$200 for a single day or \$300 for two days. Keys for your practice rounds will be on sale in the Pro Shop. Fields will be available on Wednesday and Thursday before the Mini World begins. Contact Stephanie Haga at shaga@nssa-nsca.com for further information.

A decorative border with colorful floral and geometric patterns in pink, green, yellow, and blue surrounds the central text.The logo for 'El Chaparral' features the word 'EL' in a small, yellow, serif font above the word 'CHAPARRAL' in a large, pink, serif font. A yellow wavy line separates the two words. To the right of the wavy line is a purple silhouette of a bird, possibly a cardinal, perched on a branch. Below the main title is the phrase 'Cocina y Cantina' in a yellow, cursive script, flanked by two small yellow diamonds.
